## NO MEDICAID CUTS

### The Republican Plan for Medicaid Will Harm Mississippi

More than <u>600,000</u> Mississippians rely on <u>Medicaid</u> and the Children's Health Insurance Program (CHIP).

# Republican Cuts to Medicaid Put Mississippians' Health and Coverage At-Risk

Every proposal on the Republican <u>wish list</u> of more than \$2 trillion in Medicaid cuts is bad news for Mississippians. Medicaid cuts would harm children, older adults, and families, ripping away their health care access and coverage. Republican Medicaid cuts would:

Cut Care for Children. Around 49% of children in Mississippi are enrolled in Medicaid or CHIP. Around 62% of kids with special health care needs, such as a physical or behavioral disability, rely on Medicaid in Mississippi. Cuts would disproportionately hurt children with the lowest incomes and the highest health care needs.

**Block Access for Pregnant Women and Newborns.** Nearly 19,500 births (57%) in Mississippi per year are covered by Medicaid. A cut to Medicaid would prevent mothers and babies from getting the care they need.

Increase Disparities for Communities of Color. Around <u>64%</u> of children and adults with Medicaid in Mississippi are people of color. A decrease in Medicaid funding would reduce access for the communities that need it the most.

Curb Health Care Access for People with Disabilities. Medicaid covers nearly 177,000 people with a disability in Mississippi. Only 43% receive Supplemental Security Income,

meaning many do not qualify for Medicaid on the basis of their disability and could be subject to Republican policies like work reporting. People with disabilities often depend on Medicaid for services in order to thrive in their communities.

Create Barriers to Behavioral Health
Services. Nearly <u>26,000</u> Medicaid
beneficiaries were treated for a substance use
disorder in Mississippi in 2021. Medicaid cuts
and eligibility restrictions threaten lifesaving
treatment for people with behavioral health
needs.

### **Cut Coverage for Medicare Beneficiaries.**

More than <u>166,000</u> dually-eligible Mississippians rely on Medicaid to help pay their Medicare premiums and co-pays. For these enrollees, a cut to Medicaid is a cut to Medicare.

**Disrupt Nursing Home Care.** Cuts to Medicaid could disrupt care for <u>74%</u> of nursing home residents in Mississippi who use Medicaid to pay for care in a nursing home.

#### **Bottom Line:**

Republican proposals to cut Medicaid will result in Mississippians losing Medicaid coverage—and there is no acceptable coverage loss. No Medicaid cuts to Mississippians to fund tax handouts to billionaires.
